Here are some tips about your portrait session

- A) Darker clothes usually photograph much better.**
- B) Clothes with sleeves look better than sleeveless.**
- C) Sweaters always photograph well. Avoid fabrics that have busy patterns.**
- D) Bring your pet, hobby items, car, truck, friends or family.**
- E) Do not get a new haircut the day before your sitting. You may not like it.**
- F) Be careful not to get too much sun. Don't get sunburned! Gradual sun is fine.**
